This statement is informed by our Aims and Value Statements:

This is a statement of principles not practice. It is intended that this set of principles reflects the school values, vision and ethos and is utilised to guide the Head teacher in drawing up the whole school behaviour policy.

There is an expectation that policy and the actions within be in accordance with the school responsibilities under equality legislation.

Our core Christian values must be at the heart of all we do.

To ensure this, we facilitate the school environment to be physically safe for both pupils and staff, for the atmosphere to be calm and joyful promoting a safe place for effective and worthwhile learning.

To support the wellbeing of the staff.

To support staff in behaviour management.

To ensure all pupils feel safe and cared for, show respect to others and promote safe, kind behaviour in a culture of inclusivity.

To ensure that all children reach their full potential.

To create a framework of respectful and supportive relationships with governors, staff, parents and children.

To uphold: "Ready to learn; respectful to everyone; safe at all times".

This statement and our Behaviour Policy will be reviewed on an annual basis, unless changes at national or local level necessitate an exceptional review.
